Solomon made also an house for Pharaoh's daughter, whom he had taken to wife, like unto this porch.<sup>9</sup>All these were of costly stones, according to the measures of hewed stones, sawed with saws, within and without, even from the foundation unto the coping, and so on the outside toward the great court.<sup>10</sup>And the foundation was of costly stones, even great stones, stones of ten cubits, and stones of eight cubits.<sup>11</sup>And above were costly stones, after the measures of hewed stones, and cedars.<sup>12</sup>And the great court round about was with three rows of hewed

also upon the mouth of it were gravings with their borders, foursquare, not round.<sup>32</sup> And under the borders were four wheels; and the axletrees of the wheels were joined to the base: and the height of a wheel was a cubit and half a cubit.<sup>33</sup> And the work of the wheels was like the work of a chariot wheel: their axletrees, and their naves, and their felloes, and their spokes, were all molten.<sup>34</sup> And there were four undersetters to the four corners of one base: and the undersetters were of the very base itself.<sup>35</sup> And in the top of the base was there a round compass of half a cubit high: and on the top of the base the ledges thereof and the borders thereof were of the same.<sup>36</sup> For on the plates of the ledges thereof, and on the borders thereof, he graved cherubims, lions, and palm trees, according to the proportion of every one, and additions round about.<sup>37</sup> After this manner he made the ten bases: all of them had one casting, one measure, and one size.<sup>38</sup> Then made he ten lavers of brass: one laver contained forty baths: and every laver was four cubits: and upon every one of the ten bases one laver.<sup>39</sup> And he put five bases on the right side of the house, and five on the left side of the house: and he set the sea on the right side of the house eastward over against the south.<sup>40</sup> And Hiram made the lavers, and the shovels, and the basons. So Hiram made an end of doing all the work that he made king Solomon for the house of the LORD:<sup>41</sup> The two pillars, and the two bowls of the chapiters that were on the top of the two pillars; and the two networks, to cover the two bowls of the chapiters which were

And Solomon brought in the things which David his father had dedicated; even the silver, and the gold, and the vessels, did he put among the treasures of the house of the LORD.
