

A 15x15 grid of black dots on a white background. The dots are arranged in a sparse, irregular pattern, forming a larger, faint grid structure. The dots are arranged in a way that suggests a larger, faint grid structure, with some rows and columns having more dots than others. The overall shape is roughly rectangular, with a few dots extending slightly beyond the main grid boundaries.

A large grid of 20 rows and 100 columns of black dots on a white background. The dots are arranged in a dense, irregular pattern, with some rows having more dots than others. The dots are small and black, and the background is white. The pattern is roughly rectangular, with the dots filling most of the area. There are some gaps and clusters of dots, giving it a textured appearance. The dots are not perfectly aligned in a grid, but they are generally distributed across the entire area. The overall effect is a dense, noisy pattern of black dots on a white background.
