

The image displays a 10x10 grid of musical notation. Each row contains a Braille character on the left and a musical note on a five-line staff on the right. The Braille characters are arranged in a grid that corresponds to the musical notes. The musical notes are arranged in a grid that corresponds to the Braille characters. The Braille characters are arranged in a grid that corresponds to the musical notes. The musical notes are arranged in a grid that corresponds to the Braille characters.

The image displays a 15x15 grid of 225 small, square cells. Each cell contains a distinct pattern of black dots on a white background. These patterns represent different classes of objects, such as digits (0-9), letters (A-Z), and various symbols. The patterns are arranged in a regular grid, with each row and column containing a diverse set of object classes. The dots are small, black, and vary in position and quantity within each cell, creating a rich and complex visual field.
