

A large grid of 100 rows and 100 columns of black dots on a white background. The dots are arranged in a sparse, irregular pattern, with some rows having more dots than others. The dots are small and black, and the background is white. The pattern is dense in some areas and sparse in others, creating a complex, abstract visual structure.

A 20x20 grid of black dots on a white background. The dots are arranged in a sparse, irregular pattern, forming a grid-like structure with many missing dots. The pattern is denser in some areas and sparser in others, with some rows having more dots than others. The overall shape is roughly rectangular, with a few dots extending slightly beyond the main grid area.

[illegible]

The image displays a 12x12 grid of black dots on a white background. The dots are arranged in a pattern that suggests a banded or block-like structure, with some non-zero entries scattered throughout the grid. The dots are arranged in a pattern that suggests a banded or block-like structure, with some non-zero entries scattered throughout the grid.

The image displays a 10x10 grid of 100 small clusters of black dots on a white background. Each cluster is a unique arrangement of dots, representing a different number from 0 to 99. The clusters are arranged in rows and columns, with the first row containing clusters for numbers 0-9 and the second row containing clusters for numbers 10-19, and so on. The clusters are arranged in a way that they are easy to distinguish from each other, and the overall pattern is visually appealing.
