

The image displays a 100x100 grid of dots. The dots are arranged in a pattern that suggests a specific mathematical structure, possibly a banded matrix or a matrix with a specific symmetry. The dots are black on a white background.

A 4x10 grid of 40 small clusters of black dots. Each cluster is a unique arrangement of dots on a small grid, creating a variety of abstract shapes and patterns. The patterns range from simple lines and small groups to more complex, interconnected structures.

The image displays a 5x10 grid of 50 small clusters of black dots. Each cluster is a unique, abstract pattern of dots, varying in complexity, density, and shape. The patterns range from simple lines and small groups to more intricate, interconnected structures. The dots are black and the background is white.

A 10x10 grid of 100 small clusters of black dots. Each cluster is a unique arrangement of dots, creating a variety of shapes and patterns. The overall layout of these clusters forms a large, stylized representation of the word "HELLO".
