

The image displays a 100x100 grid of dots, where each dot represents an element in a matrix. The dots are arranged in a pattern that suggests a sparse matrix, with many empty cells and some clusters of dots forming a diagonal-like structure. The dots are arranged in a pattern that suggests a sparse matrix, with many empty cells and some clusters of dots forming a diagonal-like structure.

The image displays a 12x12 grid of black dots on a white background. The dots are arranged in a sparse, irregular pattern, suggesting a grid with many missing dots. The pattern is denser in some areas and sparser in others, with some rows having more dots than others. The overall effect is a fragmented, abstract representation of a grid.
