

A large grid of 100 rows and 100 columns of black dots on a white background. The dots are arranged in a sparse, irregular pattern, with some rows having more dots than others. The dots are small and black, and the background is white. The pattern is dense in some areas and sparse in others, creating a complex, abstract visual structure.

• •

A 4x10 grid of 40 small clusters of black dots. Each cluster is a unique arrangement of dots, ranging from simple pairs to more complex, symbol-like shapes. The patterns are distributed across the grid as follows:

- Row 1: 10 clusters, including a single dot, a pair, and various small groupings.
- Row 2: 10 clusters, featuring more complex arrangements, some resembling the letter 'A' or 'H'.
- Row 3: 10 clusters, including patterns that look like 'E', 'L', and other abstract shapes.
- Row 4: 10 clusters, featuring patterns that resemble 'M', 'N', and other complex dot arrangements.

A 4x10 grid of 40 small clusters of black dots, each forming a different abstract pattern. The patterns vary in complexity, from simple pairs to dense, interconnected shapes.

A 3x3 grid of dots. The top row has two dots. The middle row has two dots. The bottom row has one dot on the left, and the right position is empty.
