

The image displays a 100x100 grid of black dots on a white background. The dots are arranged in a pattern that suggests a banded structure, with higher density along the main diagonal and some off-diagonal elements, particularly in the upper and lower triangular regions. The pattern is symmetric about the main diagonal. The dots are arranged in a way that suggests a sparse matrix, with the main diagonal being the most prominent feature. The off-diagonal elements are scattered, with some clusters appearing in the upper and lower triangular regions. The overall pattern is symmetric about the main diagonal, indicating a symmetric matrix. The dots are arranged in a way that suggests a sparse matrix, with the main diagonal being the most prominent feature. The off-diagonal elements are scattered, with some clusters appearing in the upper and lower triangular regions. The overall pattern is symmetric about the main diagonal, indicating a symmetric matrix.
