

A 10x10 grid of 100 small clusters of black dots, each cluster representing a different number from 0 to 99. The clusters are arranged in a grid where the first two rows are labeled with single dots (1-9) and the remaining eight rows are labeled with pairs of dots (10-99). The clusters are arranged in a grid where the first two rows are labeled with single dots (1-9) and the remaining eight rows are labeled with pairs of dots (10-99).

A 3x3 grid of dots. The top row has three dots. The middle row has two dots, with the rightmost position empty. The bottom row has three dots.
