

The image displays a 15x15 grid of black dots on a white background. The dots are arranged in a pattern that suggests a banded structure, with higher density along the main diagonal and some off-diagonal elements, particularly in the lower-left and upper-right quadrants. The overall appearance is that of a sparse matrix visualization, where the positions of the dots represent non-zero entries in a matrix.

A 3x3 grid of dots. The top row has two dots. The middle row has three dots. The bottom row has two dots, with the leftmost position being empty.
