

The image displays a 10x10 grid of 100 small dot patterns. Each pattern is a unique combination of 10 binary digits (0s and 1s). The patterns are arranged in rows and columns, with each row containing 10 patterns and each column containing 10 patterns. The patterns are created by placing black dots on a white background, with the number of dots in each row and column corresponding to the binary value of the digit.

The image displays a 10x10 grid of 100 small dot patterns. Each pattern is a unique combination of 10 binary digits (0s and 1s), arranged in a 2x5 grid of dots. The patterns are organized into 10 rows and 10 columns, with each row and column containing a different set of patterns. The patterns are arranged in a way that they can be read as a sequence of 100 binary digits, from top-left to bottom-right.
