

A 20x20 grid of black dots on a white background. The dots are arranged in a sparse, irregular pattern, with some rows having more dots than others. The dots are small and black, and the grid is composed of 20 rows and 20 columns. The pattern of dots is non-uniform, with some areas being denser than others. The dots are scattered across the grid, with some appearing in small clusters and others in isolation. The overall appearance is that of a random or semi-random distribution of points within a defined square area.
