

The image displays a 100x100 grid of dots, where each dot represents an element in a matrix. The dots are arranged in a pattern that suggests a sparse matrix, with many empty cells and some filled cells. The pattern of dots is complex and non-uniform, with some rows and columns having more dots than others. The dots are small and black, set against a white background.

• •

A 3x3 grid of dots. The top row has three dots. The middle row has two dots, with the rightmost position empty. The bottom row has two dots, with the rightmost position empty.
