

A 4x10 grid of 40 small clusters of black dots. Each cluster is a unique arrangement of dots, ranging from a simple 2-dot pair to a complex 10-dot geometric shape. The patterns are distributed across the grid, with some appearing multiple times and others being unique.

A 4x10 grid of 40 small clusters of black dots. Each cluster is a unique arrangement of dots, ranging from a single dot to a small group of up to 10 dots. The patterns are abstract and non-repeating, resembling a collection of different 'words' or 'symbols' in a visual language.
