

A 10x10 grid of 100 small clusters of black dots on a white background. Each cluster is a unique arrangement of dots, representing a different number from 0 to 99. The clusters are arranged in a grid where the first row contains numbers 0-9, the second row 10-19, and so on, up to the tenth row containing 90-99. The clusters are of varying sizes and shapes, reflecting the different dot patterns for each number.

A 3x3 grid of dots. The top row has two dots, the middle row has two dots, and the bottom row has two dots. The dot in the bottom-left position is missing, leaving a gap.

A 6x10 grid of 60 small, stylized figures made of black dots. The figures are arranged in a pattern that resembles a large, abstract letter 'A' or a similar shape. The figures are composed of black dots on a white background, and their arrangement creates a sense of depth and perspective.

A 3x10 grid of dots representing a sparse matrix. The dots are arranged in a pattern that suggests a banded structure with some off-diagonal elements.
