

The image displays a 20x20 grid of black dots on a white background. The dots are arranged in a sparse, irregular pattern, suggesting a complex, non-random structure. The pattern is denser in some areas and sparser in others, with a general trend of increasing density from left to right and top to bottom. The dots are arranged in a way that suggests a complex, non-random structure, possibly representing a specific data set or a stylized image.

A 10x10 grid of 100 small dot patterns, each representing a handwritten digit from 0 to 9. The digits are arranged in a regular grid, with each digit occupying a 10x10 sub-grid of pixels. The digits are written in a consistent, stylized font.

A scatter plot showing the relationship between the number of children per family in 1970 (x-axis) and 1990 (y-axis). The x-axis ranges from 0 to 10, and the y-axis ranges from 0 to 10. The data points are as follows:

1970	1990
0	0
0	1
1	1
1	2
2	2
2	3
