

The 6x6 grid displays all possible combinations of the six basic dot patterns (a-f) from the 3x3 grid. Each cell in the grid contains a unique pattern of dots, representing a specific combination of the six basic patterns. The patterns are arranged in rows and columns, showing all possible combinations of the six basic patterns.

A 3x10 grid of dots representing a sparse matrix. The dots are arranged in a pattern that suggests a banded structure with some off-diagonal elements.
