

The image displays a 100x100 grid of dots. Each dot in the grid is replaced by a small, intricate cluster of dots, creating a complex, fractal-like pattern. The clusters vary in size and shape, often resembling small trees or branching structures. The overall effect is a dense, textured field of dots, with the individual clusters contributing to a larger, more complex visual structure. The pattern is non-uniform and appears to be generated by a recursive or fractal process.

A 3x3 grid of dots forming a triangle. The top row has 3 dots, the middle row has 2 dots, and the bottom row has 1 dot.
