

A 3x10 grid of dots representing a sparse matrix. The dots are arranged in a pattern that suggests a banded structure with some off-diagonal elements.

A 3x3 grid of dots representing the number 3 in Braille. The dots are arranged as follows: Row 1: dots 2, 5, 6; Row 2: dots 2, 5; Row 3: dots 1, 2, 5.

The image displays a 10x10 grid of 100 small dot patterns. Each pattern is a unique combination of 10 binary digits (0s and 1s). The patterns are arranged in a grid where each row and column contains all possible combinations of the 10 digits. The patterns are arranged in a grid where each row and column contains all possible combinations of the 10 digits. The patterns are arranged in a grid where each row and column contains all possible combinations of the 10 digits.
